

**Date to be defined**

**Aschaffenburg University of Applied Sciences - Campus I**

Würzburger Straße 45

63743 Aschaffenburg

Germany

The new frontier of testing machines:

# **ELECTRODYNAMIC MACHINES FOR HIGHER LOADS AND HIGHER DYNAMICS**

Presentation of the new **STEP Lab** product range:

**NEW**

## **LINEAR AXIS**

based on linear motors, for high loads and high dynamics

We will also demonstrate the following testing systems:

**NEW**

**ELECTROMECHANICAL TESTING MACHINES**  
for heavy applications

**NEW**

**DROP TOWER**  
for high impact energy tests
